

# Paul Fahy

Thank you for the opportunity to introduce myself.

My name is Paul Fahy. I have been a resident of Murwillumbah for the past 32 years and for 31 of those I have been a full playing member of the Murwillumbah Golf Club.

I am currently employed by Tweed Shire Council with 32 years of continuous service. My role with TSC is Parks Supervisor/Senior Arborist. I hold formal qualifications in Horticulture/Arboriculture and Frontline Management.

During my time as a member, I have represented the Club in pennants and supported all formats of club championships. Golf is a most enjoyable part of my life.

I consider myself to be an active member of the Club committing to lend a hand when the opportunity arises. I have assisted the club in a voluntary role, carrying out tree works after storm events and general clean-ups. I have given my time to train course staff in the safe operation of chainsaws and correct pruning techniques.

I have given many hours in an advisory role to the Course Superintendent to advise on all things tree related on our course to ensure the course is safe for our members and visitors.

I was recently asked to sit as a member on a disciplinary committee for the Club, which has given me a valuable insight on how the process works. With my employment within Local Government, I feel I have a solid understanding of policy, procedures and governance, which would help with position of director.

If elected I would be a person who will listen to members and have input into the continuing growth and financial stability of the club. I would have a strong interest in continuing course improvements and supporting greens staff and Chairman of Greens Committee. I have now reached a time in my life where I have the time to commit to the position of Director and support members to the best of my capabilities.

Thank you, members, for the opportunity to represent you if I am elected as Director.

Regards

Paul Fahy
